- The dataset
- Building
- Presenting
- General tips

Business Case Vendée Globe

Your assignment

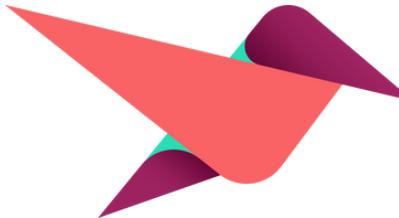

- Case
- Challenge
- Goal

Create Insight

Practice

Getting started

- In short
- Step-by-step plan
- Email account
- Azure pass

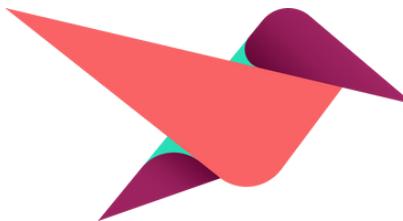

Business Case Vendée Globe

Azure Pass

Attention:

- One Azure Pass per group
- Valid for 30 days or until you run out of credit
- Make a plan for how to use your credit and monitor this

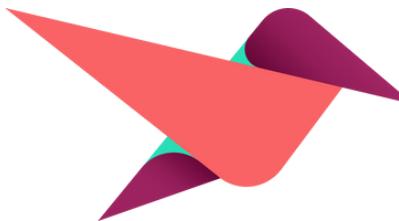

Business Case Vendée Globe

The Dataset

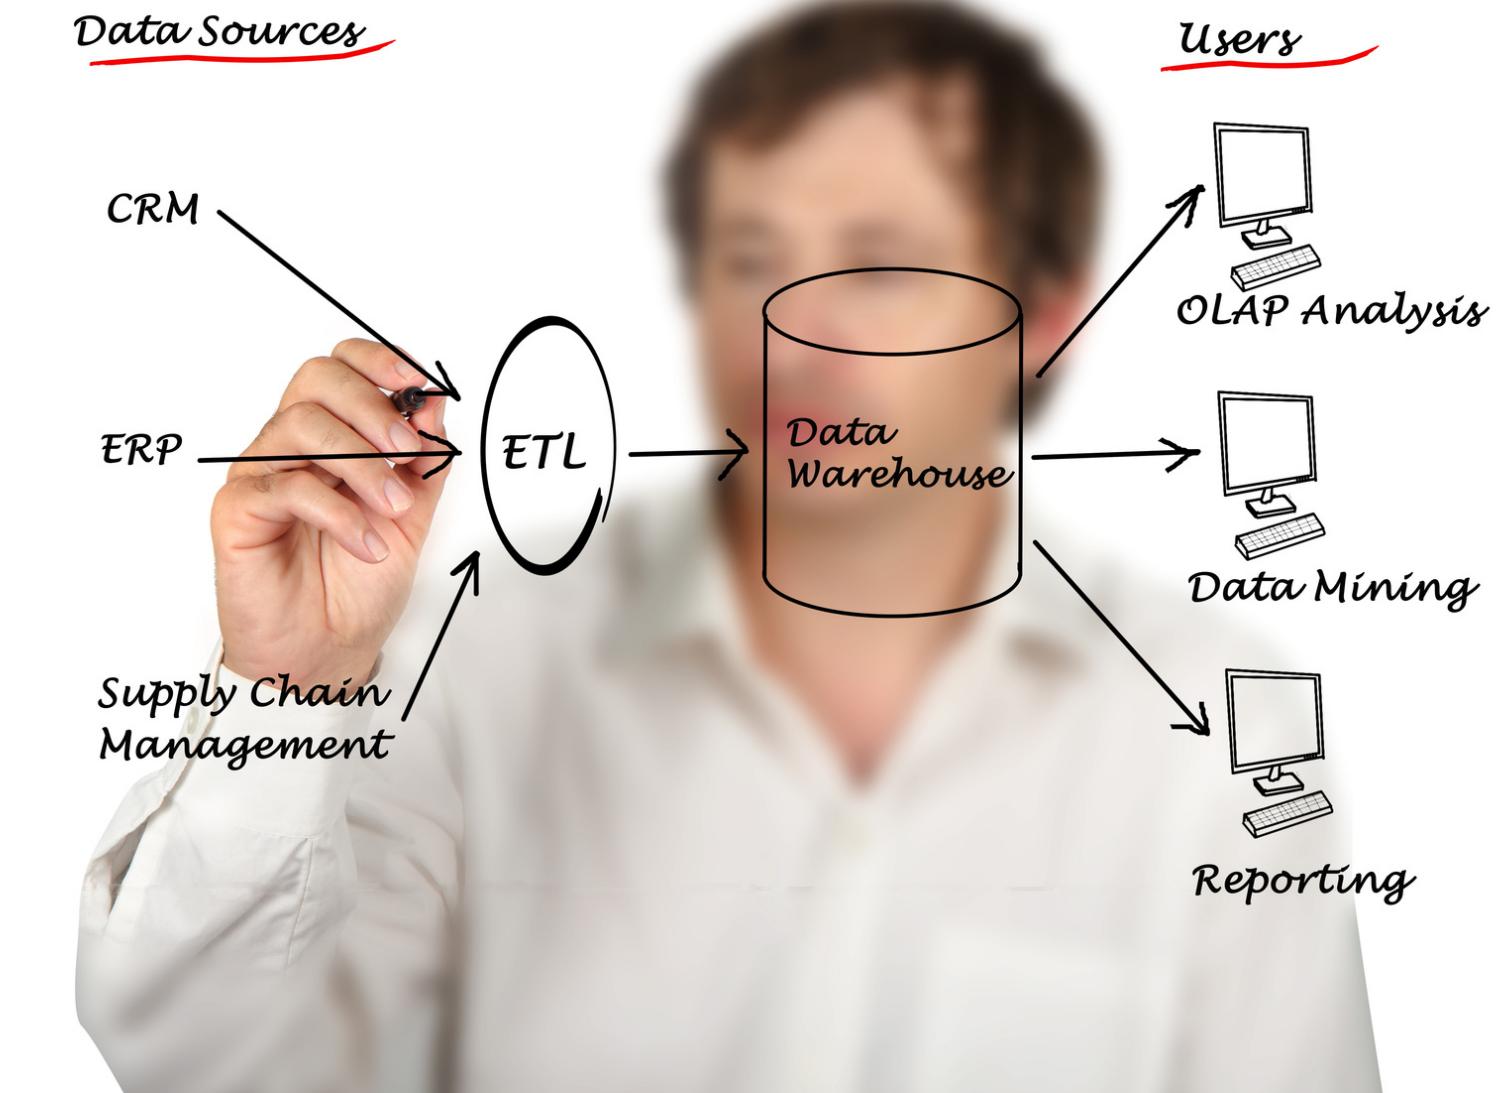

- Between races, so no real-time data
- Instead we will use python simulator to generate data -> 10 participating boats

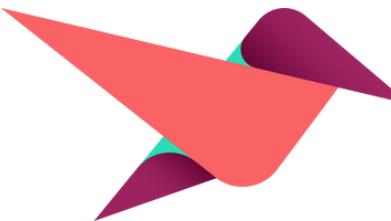

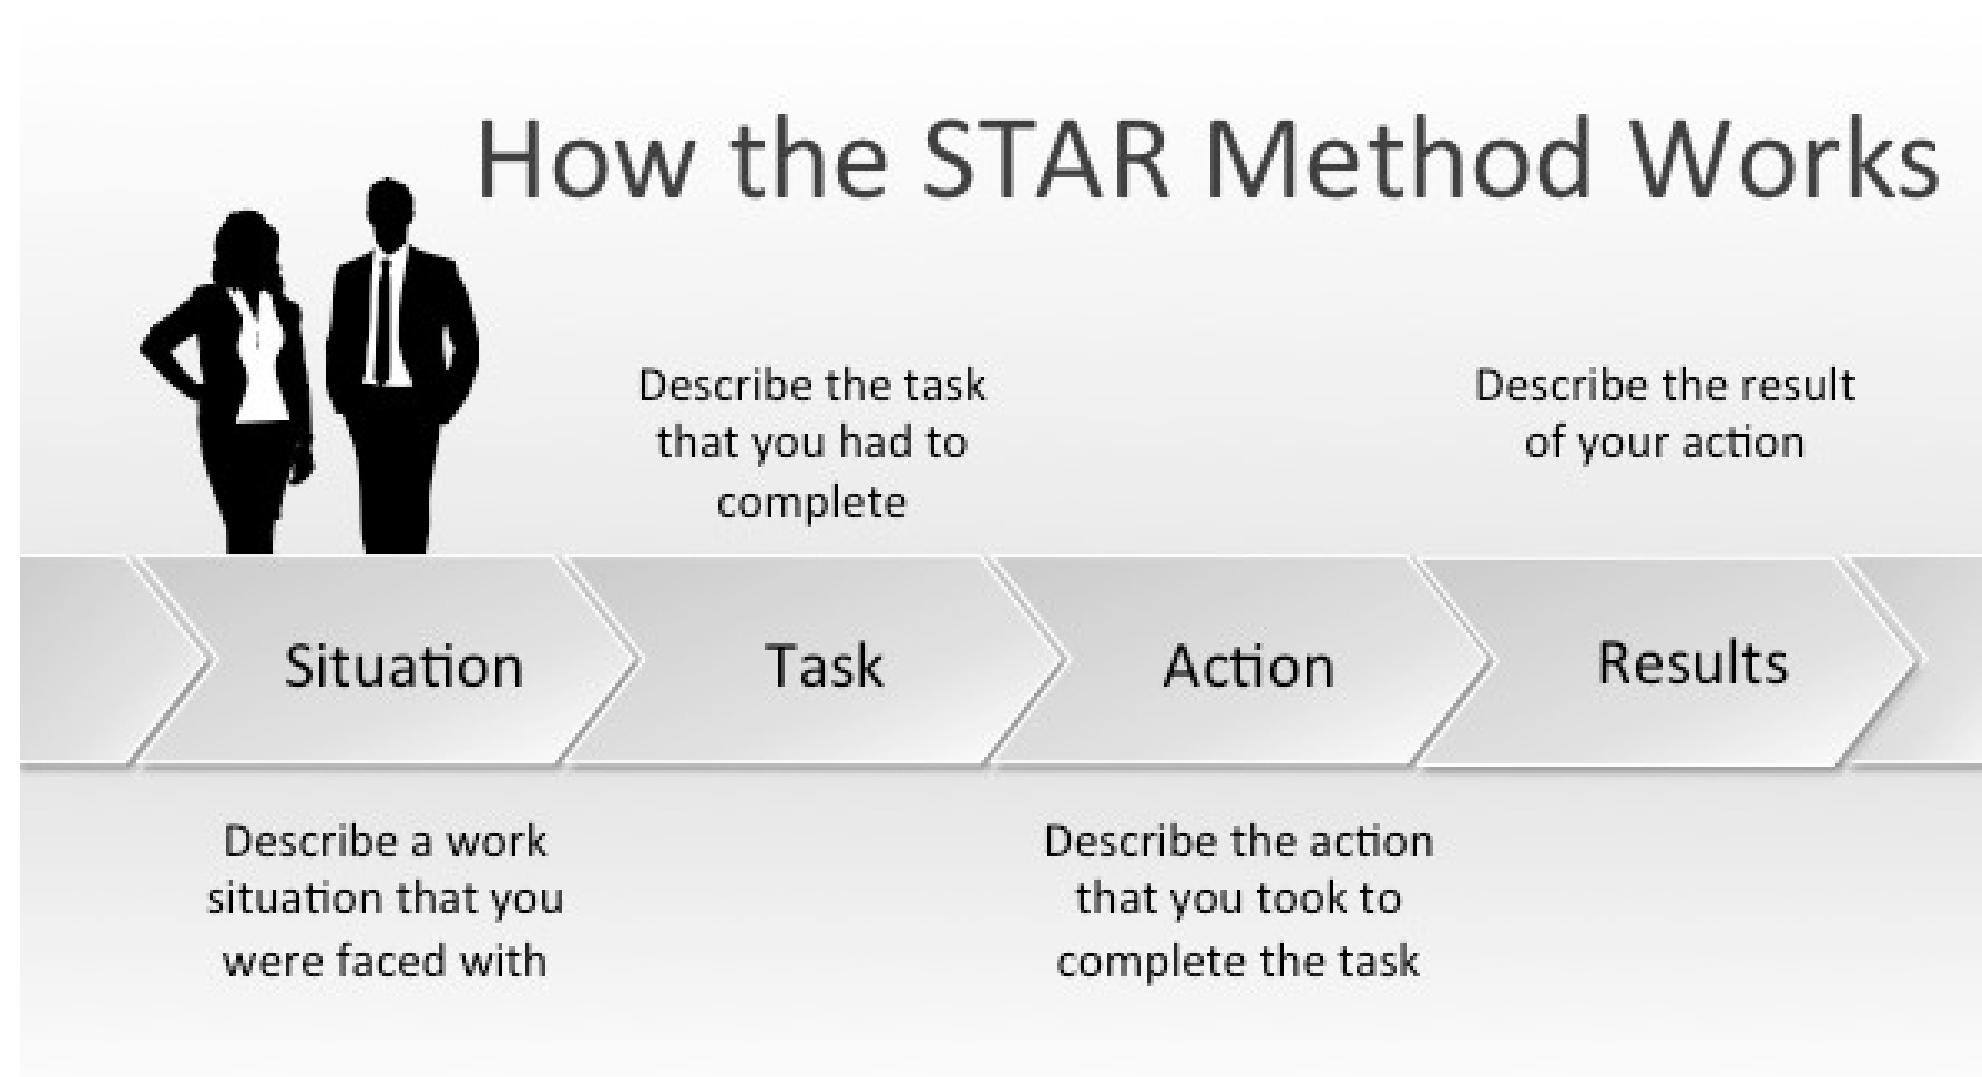

Building

- Design
- Building in Azure
- Building in Power BI

Presentation

S = Situation

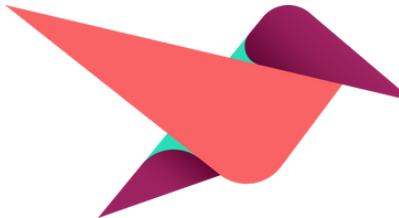

T = Task

A = Action

R = Results

R = Reflection

Be ready to answer questions

Business Case Vendée Globe

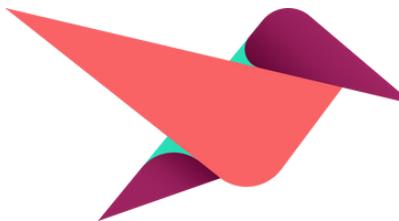

Presentation

Total of 20 minutes

First 10 minutes: Pitch your whole case

Last 10 minutes:
Answer questions from
Mark and Techionista

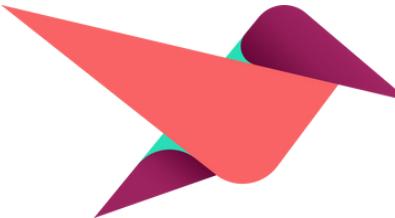

Business Case Vendée Globe

General tips

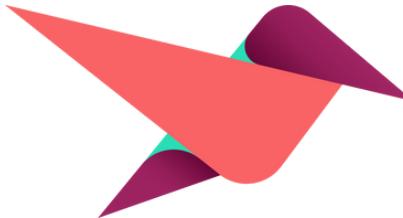

- Schedule
- Collaboration
- Sharing documents
- Portfolio
- Stuck

Schedule

Example schedule:

- **Day 1:** Read the guide, make a plan, and finish the initial data setup;
- **Day 2:** Start building in Microsoft Azure → Real-time data;
- **Day 3:** Continue building in Microsoft Azure → Batch processing data;
- **Day 4:** Continue building in Microsoft Azure → Finish up both real-time + batch processing;
- **Day 5:** Work on your result in Power BI (map view and the ranking table is mandatory) and prep your presentation;
- **Day 6:** Finalize your work, practice your presentation
- **Day 7:** Be ready to present!

Business Case Vendée Globe

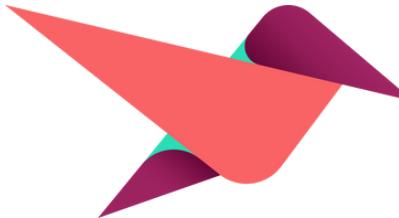

Collaboration

Collaborate key: Communicate with each other!

Examples of collaboration:

- Do everything together;
- Divide the tasks;
- Hold little hackathons;

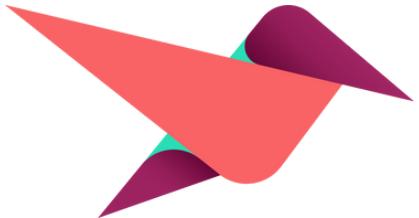

Business Case Vendée Globe

Sharing documents

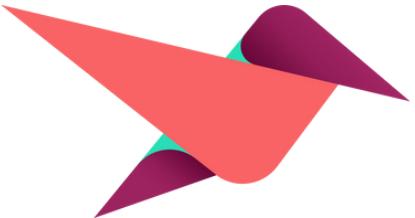

Business Case Vendée Globe

Portfolio

- Put on resume
- Add to Github
- Online:
#Techionista

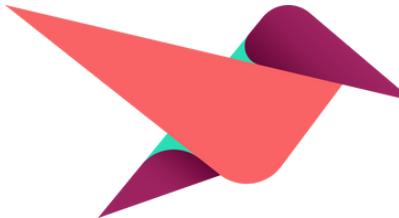

Business Case Vendée Globe

Stuck?

Go to:

- Your own Study group
- Google (is your best friend)
- The group Chat in Teams
